CKO Sprint Spring Training Resource Package

Overview

Dear Athletes,

Welcome to our Spring Training Camp Resource Package and congratulations on your commitment to excellence! We are thrilled to provide you with a comprehensive resource package that includes a packing list, a cleaning checklist, assistance with school, a training zone chart, nutrition resources, and mental health resources.

As you prepare for the camp, be sure to pay close attention to the packing list and include any necessary first aid items such as blister dressings and other injury preventatives.

Our team dietitian, Emily Fulton, has curated the nutrition resources to help you with balanced eating when it comes to fueling before, during, and after training.

The simplified training zone chart is designed to provide you with a deeper understanding of pacing, stroke rates, and training zones.

The cleaning checklist resource is designed to help divide duties among roommates at the training camp. This resource will ensure that everyone has a clear understanding of their responsibilities and will help to keep the living quarters organized and tidy.

Training at a high level can bring both physical and mental challenges, and being away from home for an extended period of time can add additional stressors. The Canadian Sport Institute of Ontario (CSIO) has included a package of mental health resources in the resources package to help athletes manage the challenges and stress that may arise during a spring training camp. It is recommended for athletes to explore these resources before arriving at the camp and to remember that taking care of both physical and mental health is crucial for a successful and fulfilling training experience.

All of these resources and more are conveniently available online at ckosprint.ca/spring-training-resources. We hope that these resources will assist you in making the most of your training camp experience and wish you the best of luck in your training journey.

Sincerely,

Hayley Plante
CKO Sprint Athlete Services Manager
hayley@ckosprint.ca

Spring Training: Assistance with School Absences

It is important to effectively communicate your spring training plans with your educators. An in-person meeting, if possible, can be more impactful and personalized, allowing you to express your commitment to your education and address any concerns they may have. However, if that is not feasible, an email can also be an effective way to communicate your plans. The email template provided below can serve as a starting point to help you organize your thoughts and make sure you have covered all the important details.

When communicating with your educators, it is essential to emphasize your dedication to maintaining your academic progress during your absence. You may also consider asking for their help in getting ahead with your work before you leave, making the transition smoother. Don't forget to ask for the following information:

- Units that will be covered during your absence
- List of assigned readings and any accompanying materials
- Homework and assignments that will be due during your absence
- Scheduled tests or exams and if they can be proctored or deferred
- List of necessary materials to bring, such as textbooks or calculators

By being proactive and thorough in your communication with your teachers, you can ensure that you are fully prepared and equipped to maintain your academic progress while participating in your spring training camp.

Email Template

Subject: Absence for Spring Training Camp in [Location] - [Start Date] to [End Date]

Dear [Educator's Name],

I am writing to inform you that I will be attending the Spring Training Camp for Sprint Kayaking [or Canoeing] with Canoe Kayak Ontario Sprint. The camp will be held in [Location] from [Start Date] to [End Date], and I am eager to attend and improve my skills in this sport.

This is an important training opportunity for me. Sprint kayaking is a sport that requires intense focus, discipline, and physical training, and this camp will provide me with the necessary environment to develop these skills. I am dedicated to making the most of this experience and I believe that it will positively impact my personal and academic growth.

I was hoping to get some information from you regarding the assigned reading, homework, assignments, and tests that I will be missing during my absence. I would also like to inquire if there is a possibility of proctoring any tests or postponing them until my return. I am committed to keeping up with my school work, there will be a designated space to study every day while I am away, as well as many other student athletes to study with. It would be really helpful to sit down with you and put together a planner to assist with keeping up with my school work and assignments while I'm away. I was also wondering if you have any suggested online tools, such as video tutorials, that can assist me with my homework.

I appreciate the extra work that this may require from you and I am grateful for your support in helping me plan ahead. If you need to communicate with me, I will be checking my email regularly, and I will be more than happy to stay in touch.

Thank you for your understanding and support. I am looking forward to sharing my experience with you upon my return.

Best regards,

[Your Name]

FINDING THE RIGHT BALANCE

Combining Protein and Carbohydrate

Lasting Energy

Choose meals and snacks that combine protein and carbohydrate for lasting energy. The balance can help keep you full longer, reduce cravings, increase energy, and prevent overeating at meals.

For best results:

4

Generally **avoid going longer than 4 hours without eating**. Eat every 3-4 hours.

20

Look for a **minimum of 15-20 grams of protein** at each **meal**.

10

Look for a **minimum of 5-10 grams of protein** at each **snack**.

PROTEIN

Recovery

Protein is essential for muscle recovery and healing after exercise.

High Protein

- Fish, shellfish
- Turkey, chicken
- Pork / ham, beef
- Ground beef, chicken, turkey
- Soybeans, edamame, soy nuts
- Tofu, tempeh
- Soy and tofu products (e.g. meat substitutes)

Moderate Protein

- Dairy milk (e.g. regular, chocolate)*
- Soy beverage
- Cheese
- Greek yogurt, regular yogurt, kefir
- Cottage cheese
- Eggs, egg whites

Variable Protein

- Nuts, nut butters
- Seeds
- Beans*
- Lentils*, other legumes
- Chickpeas*, hummus

* Can serve as a protein and a carbohydrate (combination food).

Notable Exceptions:

These foods are **not** good sources of protein.

- Cream cheese
- Ice cream
- Sour cream
- Bacon
- Pepperoni
- Plant-based beverages (e.g., almond, oat, rice, hemp, etc.)

Fuel

Carbohydrates provide fuel to increase energy level and improve performance.

High Carbohydrate

- Breads, bagels, buns, tortillas, pitas
- Crackers
- Pasta
- Potatoes, sweet potatoes, yams
- Oats / oatmeal
- Rice
- Cereal, granola bars
- Quinoa, spelt, bulgur, etc.
- Barley, couscous
- Rice and oat beverages
- Fruit juice

Moderate Carbohydrate

- Fresh / frozen fruits
- Canned fruits
- Dried fruits

Low Carbohydrate

- Leafy greens
- Fresh / frozen / canned vegetables
- Vegetable / tomato juice
- Tomato sauce

Notable Exceptions:

- Candy
- Pop
- Syrup / Sugar / Jam / Jelly
- Chocolate bars
- Donuts, pastries

These foods are high in carbohydrates, **but** also high in added sugars and low in vitamins, minerals, and fibre.

Balanced Snacking Ideas

Protein + Carbohydrate

yogurt	fruit
cheese	crackers
cottage cheese	blueberries, pineapple, etc.
nut butter	apple, banana, celery, etc.
flavoured tuna or salmon	crackers
almonds	fruit
hummus	veggies or pita bread
milk or soy beverage	cereal
hardboiled eggs	toast or veggies
nut butter	English muffin
cheese strings or <i>Mini Babybel</i>	crackers, fruit, or veggies
yogurt	granola + berries
yogurt	applesauce
deli meat	wrap
milk or soy beverage	oatmeal
cheddar cheese	toast or English muffin + tomato
refried beans	veggies

Balanced Snacking Ideas

Combination Food Snacks

Recall: Some foods can serve as both a protein and a carbohydrate (combination food).

milk or soy beverage

quinoa or couscous salad with chickpeas or other beans

edamame or chickpeas

bean, lentil, or meat-based soup (look for 5g of protein or more on the label)

energy bar (look for 7-10g of protein and 20g of carbs or more on the label)

meat or vegetarian chili

bean salad & vinaigrette

Snack Tips:

- Aim to include food sources of both **protein & carbohydrates** at snacks
- **Choose leaner meats** when eating around exercise (e.g. chicken, turkey, ham)
- When possible, **choose whole foods** which are more nutrient rich
- Choose **whole wheat** or **whole grain** to boost fibre intake (e.g. bread, pasta, rice)

Balanced Snacking Ideas

Rapid Snacks

Frozen Fruit Shake

Ingredients

- 1 frozen banana (peel and freeze in a Ziploc bag when brown)
- 3/4 cup milk or plant-based beverage
- berries (fresh or frozen) to taste
- splash of orange juice

Combine all ingredients in a blender and blend until thick. Serve immediately.

Refried Bean Burrito

Ingredients

- 1/2 cup refried beans
- 6" or 12" whole wheat tortilla
- 1oz. cheese
- 1/2 tomato, diced

Combine beans and cheese in a bowl and microwave for 1-2 min, until cheese is melted. Spread on 1/2-1 tortilla and add tomato. Fold tortilla and cut into slices. Serve with sour cream and salsa.

Balanced Snacking Ideas

Rapid Snacks

PM "Hold Me Over"

Ingredients

- 1/2 cup cottage cheese
- 2 tbsp raisins
- 2 tbsp sunflower seeds
- Cinnamon, to taste

Combine all ingredients in a small, re-sealable container. Use, as needed, to curb cravings and hunger, usually mid-afternoon, at work / school / practice / etc.

Trail Mix

Ingredients

- 2 parts dry-roasted soy beans
- 1 part raisins
- 1 part bran buds
- 2 parts cereal (i.e., *Shreddies* or *Cheerios*)
- 1 part dry-roasted almonds or sunflower seeds

As a pre-exercise snack, replace bran buds with a lower fibre option, or increase to 3 parts cereal, to reduce stomach discomfort during exercise. Serving size = 1/4 cup (portion out).

SELF-DIRECTED RESOURCES

MENTAL HEALTH APPS

 MindShift CBT	 HEADSPACE	 hm	 Calm	 CBT-i
MindShift CBT	Headspace	Healthy Minds	Calm	CBT-i Coach
anxiety relief, mindfulness	breathing, relaxation, focus	problem- solving, mood tracker, journaling, coping	mindfulness, relaxation, meditation	sleep, self- guided CBT
 Smiling Minds	 Oak	 Sleep Cycle	 Womaze	 Bloom
mindfulness, relaxation, meditation	mindfulness	sleep monitoring, journaling	self-care, mental health, personal growth	self-guided CBT

SPORT INFORMED CARE

All Sport Canada carded athletes, non-carded national team athletes, and national team-level coaches are eligible for up to \$2500/year of mental health support. Contact mentalhealth@mygameplan.ca to reach the Mental Health Network Coordinator for confidential service.

If you are looking for sport-informed care you can access resources and fee-for-service therapy at the **Canadian Centre for Mental Health in Sport (CCMHS)**.

National Team athletes affiliated with CSIO, whether carded or not, have access to a Game Plan Advisor at CSIO. Please contact gameplan@csiontario.ca for more information.

Athletes at all levels can reach out to inquire if they are eligible for a Mental Health Wellness Check with a Mental Health Practitioner at CSIO. To access this service, please connect with the Sport Medicine Coordinator at sportmedicine@csiontario.ca.

THERAPY RESOURCES

PUBLIC/OHIP-COVERED REFERRALS

The following resources will link you with mental health practitioners that are covered by OHIP and can be found online or through your family doctor or sport medicine doctor.

PUBLIC/OHIP-COVERED RESOURCES:

Note: These resources are not sport-informed.

- Ontario Structured Psychotherapy (OHIP covered therapy by District)
 - This is individualized, evidence-based therapy for a wide variety of concerns. Depending on the district where you live in Ontario, you can either self-refer or get your doctor to refer you using online referral forms. Look online for an Ontario Structured Psychotherapy program in your catchment area (e.g. CAMH or York Region)
- Bounceback - Cognitive behavioural therapy self-help for depression; online program with phone coaching. Physician referral needed
- Most major community hospitals have Mental Health Departments with a multidisciplinary team (psychiatry, nurse, social workers, psychologists)
 - Wait times exist for most of these programs but they vary
 - Often have focused group therapy programs
 - Care provided based on catchment area (your postal code)
 - Some places offer MD-to-MD consults for your doctor to speak with psychiatry to speed up the process of medication consultation

THERAPY RESOURCES

PSYCHIATRIC CARE (OHIP-COVERED)

Psychiatrists are medical doctors, covered under OHIP in Ontario. Some will only provide consultation wherein they will assess, diagnose, and treat mental health disorders with medication. A small proportion of them will do follow-up care or therapy as well. You can explore this as an option if interested.

In Ontario, your primary care provider (e.g., family doctor, nurse practitioner) or Sports Medicine doctor has to refer you for psychiatric assessment. Often, these assessments have a wait time but there are some places where family doctors can just ask to consult with a psychiatrist in order to feel comfortable with prescribing psychiatric medications to you themselves. Ask your doctor for a referral to the psychiatrist or community hospital nearest to where you live.

You can also seek out support from a psychiatrist or GP Psychotherapist (a doctor covered under OHIP that provides psychotherapy) using the following links (a referral from your doctor may still be required).

PSYCHIATRIC CARE/MEDICAL PSYCHOTHERAPY RESOURCES:

Note: These resources are not sport-informed.

- [CouchMD](#)
- [MDPAC](#) – Medical Psychotherapy Association of Canada

There may also be sport-informed psychiatrists that you can contact to see if they are taking new athletes. Please inquire with sportmedicine@csiontario.ca for updated names and contacts.

THERAPY RESOURCES

PRIVATE REFERRALS

These resources will lead you to a list of therapists in Ontario that are Fee-for-Service. You can inquire about sliding fee rates with each professional. Please look into coverage for counselling through your family's Employee Assistance Program (EAP) or Extended Health Benefits Plan/Private Insurance Plan, or your athlete/coach benefits.

PRIVATE THERAPY RESOURCES:

Note: These therapists are not usually sport-informed. Please research and connect with the practitioner of your choice.

- Ontario Psychological Association Referral Service
- Ontario Association of Social Workers
- [Find a Registered Psychotherapist](#) – College of Registered Psychotherapists of Ontario
- [Betterhelp Network](#)
- [MindBeacon](#)
- [AbilitiCBT](#)

AFTER HOURS AND CRISIS SUPPORTS

- If you need help in an emergency or are in crisis:
 - visit your local emergency department or call 911
 - contact a distress centre in Ontario near you
 - Distress Centres - Toronto, Mississauga, Brampton, Scarborough, Durham, Halton Region (from Crisis Resources | CAMH)

- Canada-wide Crisis Line: 1-833-456-4566 or Text 45645
- Kids Help Phone: 1-800-668-6868 or Text CONNECT to 686868 or kidshelpphone.ca
- First Nations and Inuit Hope for Wellness Help Line: 1.855.242.3310 <https://www.hopeforwellness.ca/> (Available 24 hours)
